What is PM² Foundation

The PM² Foundation course introduces you to the latest version of the PM² project management methodology. This methodology as developed by the European Commission provides a clear governance structure, a phased approach, and a valuable set of document templates for running projects. PM² is founded on established best practices in project management and addresses the challenge of delivering not only project results but also benefits.

Who should attend PM² Foundation

- Project Managers: Gain a comprehensive understanding of PM² and enhance your project management skills.
- Team Leaders: Learn how to effectively manage your team using the PM² methodology.
- Project Coordinators: Understand the PM² project life cycle and your role in it.
- Project Analysts: Familiarize yourself with the key PM² Artefacts for initiating, planning, executing, controlling and closing projects.
- Quality Assurance Managers: Learn how to ensure the quality of project deliverables using PM².

Prerequisites

No specific prerequisites are required for this course. However, a basic understanding of project management concepts will be beneficial.

Objectives

At the end of the training, you will be able to:

- Understand key Project Management concepts in the context of the PM² Methodology.

- Obtain the foundation knowledge necessary for using the PM² Project Management Methodology effectively.
- Understand the full PM² project life cycle, organization, roles & responsibilities.
- Familiarize yourself with the key PM² Artefacts for initiating, planning, executing, controlling and closing projects.
