What is Scrum Product Owner e-learning

Scrum is a widely used framework for Agile software development. The Scrum Product Owner plays a crucial role in its successful application. This e-learning focuses on the roles and responsibilities of the Product Owner, covering topics such as product vision, product backlog, user stories, and releases. It provides practical tools and discusses real-world situations to help you become a successful Product Owner. After completing the e-learning, you can take the test for the worldwide accredited Professional Scrum Product Owner Level I (PSPO I) from Scrum.org at your convenience.
