What is Lean Six Sigma Yellow Belt

The Lean Six Sigma Yellow Belt training is designed to equip you with the skills to solve non-complex problems in a structured manner. The course focuses on teaching you how to solve problems effectively and make processes more efficient. This results in increased productivity without the need for additional resources.

Who should attend Lean Six Sigma Yellow Belt

- Process Managers: Learn to streamline processes and eliminate waste.
- Quality Analysts: Enhance your analytical skills and improve quality control.
- Project Managers: Lead small improvement projects more effectively.
- Team Leaders: Be a valuable team member in a Lean project.
- Operations Manager: Improve operational efficiency and productivity.

Prerequisites

No prior knowledge is required for this training. However, a basic understanding of business processes is beneficial.

Objectives

At the end of the training, you will be able to:

- Lead small improvement projects or be a team member in a Lean project.
- Understand Lean Six Sigma terminology.
- Use Lean improvement tools such as Waste, Flow, Pull, and Value Stream Analysis.
- Solve a problem or improve a process in a structured way.

- Understand the different improvement tools, when and how to use them.
- Make a process faster, better, and more stable by eliminating waste.

About Capgemini Academy

Capgemini Academy's professionals offer what people in IT need. Our professionals have a keen eye for motivation, talent and are aware of specific contexts and circumstances. They move people to move. Programmes and courses that originate from daily experience of our both didactical and substantively strong trainers, light a fire within the individual IT professionals. Real life stories of our professionals' experience that tell how to solve problems and work with the people around it, do the rest.

An organization, like ours, helps people and their organizations day by day to get the best out of themselves and each other. We prepare them to defy tomorrow's challenges. We stimulate learning and curiosity. In order for individual IT professionals and their employers, to build better, longer and more intensive relationships. For mutual benefit.
